INTRODUCTION

Founded in 2006, UDI Organization (Private) Limited is a construction firm specializing in steel structures and related services. We are committed to delivering innovative and quality solutions in various sectors, including commercial, industrial, residential, and civil infrastructure.

30+

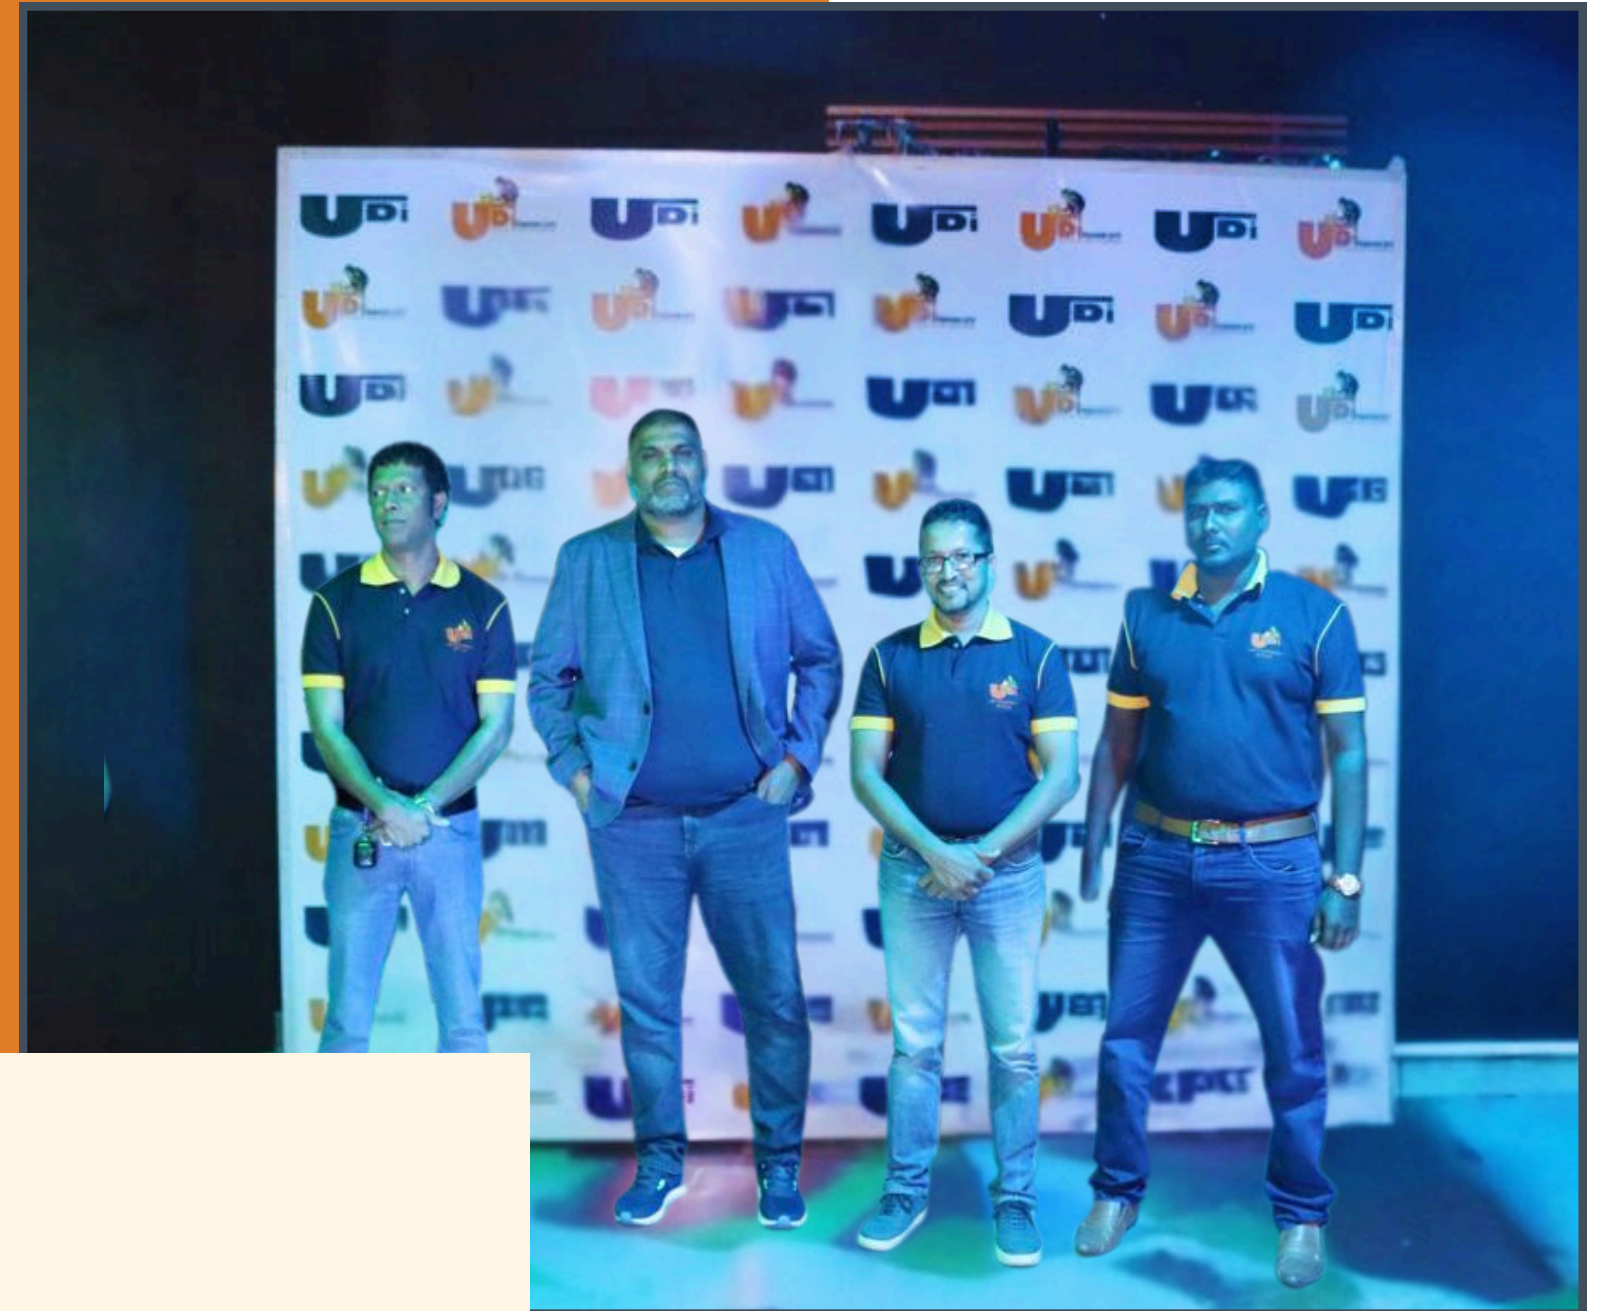

COLLABORATIONS

Strong partnerships drive project success and growth.

300+

PROJECTS

Successfully completed 20+ high-quality construction projects.

ABOUT US

UDI Organization (Pvt) Ltd is a premier construction solutions provider in Sri Lanka, offering a comprehensive range of services in infrastructure development, engineering, and specialized construction. With a commitment to quality, innovation, and excellence, we have built a strong reputation as a trusted partner in the industry.

Our expertise extends beyond traditional construction to include aluminum fabrication, sheet metal works, carpentry, glazing, PVC fabrication, and concrete technology, among other services. By leveraging cutting-edge technology and a skilled workforce, we deliver turnkey solutions, from project design and execution to maintenance, ensuring superior quality and efficiency.

With a vision to be the leading construction company in Sri Lanka, we continue to expand our reach, taking on ambitious projects in both the private and public sectors. Our success is driven by a dynamic leadership team, industry-best practices, and an unwavering commitment to client satisfaction.

OUR HISTORY

UDI Organization was founded in 2006 as a sole proprietorship, focusing on small-scale construction projects. As demand for quality construction grew, the company transformed into UDI Organization (Pvt) Ltd in 2009, establishing its headquarters in Kandy.

In less than two years, UDI Organization earned the ICTAD C7 Category license, demonstrating its rapid progress. By 2015, the company achieved an ICTAD C4 upgrade, further expanding its capabilities. Now, we are positioned to secure ICTAD C3, enabling us to handle larger and more complex projects.

Under the leadership of Mr. Udaya Dissanayaka, UDI Organization expanded with a Colombo branch in Nugegoda, enhancing its competitiveness. The company has since ventured into state-sector infrastructure projects, partnering with Toyota Company and AMW as their main construction solutions provider. With a vision for continued growth, UDI Organization remains committed to excellence and innovation in the construction industry.

OUR MISSION

- Provide exceptional construction solutions focusing on steel structures and durability.
- Utilize advanced technology for innovative building solutions.
- Maintain high standards of safety and environmental responsibility.
- Foster strong client relationships through transparency and timely project completion.
- Promote continuous learning and professional development within our workforce.

OUR VISION

- To be a leader in the construction industry, recognized for excellence and reliability in steel structures and construction projects.
